The David City Public Schools assures that:

- The district will abide by all state and federal laws and regulations relating to special education;
- A Free Appropriate Public Education is available to all children with disabilities from birth through the school year in which the student reaches 21 years of age, including children who have been suspended or expelled from school; and
- The district has a goal of providing full educational opportunity for all children with disabilities consistent with the state's full educational opportunity goal.

Performance Goals and Indicators

David City Public Schools will use performance indicators established by the state to assess progress toward achieving those goals that, at a minimum, address the performance of children with disabilities on assessments, dropout rates and graduation rates.

David City Public Schools will provide the Nebraska Department of Education with information necessary to enable the state to carry out its duties, including those duties relating to the performance of children with disabilities participating in special education programs under the Individuals with Disabilities Education Act.

The special education policies are to be interpreted to be in compliance with federal and state law and regulations. In the event of changes in law or regulations, the school administration shall be authorized to implement modifications of practice to comply with such changes (whether the changes impose more or less stringent procedural or substantive requirements) until such time as amended policies or regulations are adopted by the Board of Education.
